

Explore the Wild West

By Colleen Hodson

Enjoy a taste of the authentic American West where horses, hats, history, honesty, hospitality and heart abound.

With over 100 carefully chosen member ranches, the Dude Ranchers' Association (DRA) has one to match your dream vacation – all while protecting lands, parks, forests and wildlife.

Our Dude, Resort and Working Ranches are in the most picturesque regions of the USA and Canada near historic sites and national parks for a photographer's heyday! Each has its own unique history, incredible horseback riding tailored to the rider's age and ability and exciting

outdoor adventures like white water rafting, fishing on scenic rivers, fun hay rides, hikes, golfing.

Lounge in a hammock until the dinner bell rings and then breathe pure clean air as you rediscover the brightest shining stars peeking out from Heaven. See what a dude ranch vacation is all about from the "horse's mouth" so to speak.

"Your hospitality was off the charts, the food was spectacular, the rooms were perfect and the ranch hands/wrangler were the best at the Greenhorn Ranch."

"The place is magical. It's a combination of beautiful surroundings, comfy lodgings, delicious home

cooked food, amazing trail riding. Whether you arrive alone, as a couple or in a group you will feel part of the Elk Mountain Ranch family."

"We've just returned home from our stay at beautiful Rankin Ranch. We enjoyed our experience with you in peaceful Walker Basin. So impressed with your hospitality, the lovely grounds, delicious food and friendly staff."
